Eugene-Springfield InnSight Hotels Clean Up the Environment

SPRINGFIELD, OR- November 12, 2007- Associates from the Eugene/Springfield Residence Inn by Marriott, Courtyard by Marriott, Comfort Suites and the Holiday Inn Express recently participated in a series of environmental activities as part of their efforts to reduce their hotels' environmental impact. These hotels are part of the eleven properties managed by InnSight Hotel Management Group that are focused on implementing environmentally conscious policies and procedures.

The week long series of events included a local park clean up as well as the implementation of associate and guest recycling programs. Associates learned about the benefits of saving energy and reducing waste at work and at home through a game of Environmental Jeopardy. Associates were given compact fluorescent light bulbs, canvas shopping bags, recycling containers, reusable lunch totes and water bottles. Associates also joined in to donate reusable dishes for their lunch rooms.

Other hotel environmental initiatives for InnSight hotels include the use of Green Seal certified, environmentally sensitive chemicals, a linen reuse program allowing guests to reuse their linens instead of having them washed daily, a recycling program, and the use of recycled products whenever possible.

For more information on InnSight managed hotels, please visit <http://innsighthmg.com>.

Associates at the Comfort Suites personalize their canvas shopping bags.
