Medford InnSight Hotels Clean Up the Environment

MEDFORD, OR- November 12, 2007- Associates from the Medford/Central Point Courtyard by Marriott, Fairfield Inn & Suites by Marriott, Holiday Inn Express, SpringHill Suites by Marriott and TownePlace Suites by Marriott recently participated in a series of environmental activities as part of their efforts to reduce their hotels' environmental impact. The hotels are part of the eleven properties managed by InnSight Hotel Management Group that are focused on implementing environmentally conscious policies and procedures.

The week long series of events included a clean up of the greenway that runs along Bear Creek and Interstate 5. Associates picked up several bags of trash and even found a grocery cart. They used the cart to haul the collected trash back to the hotels. Associates also began a recycling program. Proceeds from the recycling of aluminum cans are donated to the American Cancer Society.

Other environmental initiatives for InnSight hotels include the use of Green Seal certified, environmentally sensitive chemicals, a linen reuse program allowing guests to reuse their linens instead of having them washed daily, a recycling program, and the use of recycled products whenever possible.

For more information on InnSight managed hotels, please visit <http://innsighthmg.com>.

InnSight associates collect trash from Bear Creek and I-5.
