Medford's TownePlace Suites by Marriott Opens Today

MEDFORD, OR- July 25, 2007- The Medford TownePlace Suites by Marriott opened its doors for business today. The 76 suite extended-stay property offers many of the amenities you would find in a traditional hotel with a neighborhood-style living experience.

The extended-stay segment is one of the fastest growing and best performers in the lodging industry. Marriott's mid-priced TownePlace Suites by Marriott and the upscale Residence Inn by Marriott continue to be the dominant forces in this category. Guests often include vacationing families, people relocating to the area, and people in town for business or training. The average length of stay for a TownePlace Suites guest is 17 nights, with many guests staying one month or longer.

With kitchens and home offices in each contemporary suite, the hotel also offers a daily complimentary breakfast, high speed Internet access, a pool, exercise room and 24 hour desk service. With features like a floor to ceiling TowneMap in the lobby, the hotel helps guests to experience the community as a local, rather than a tourist. General Manager Sandra McLean says "We are excited to open Medford's first Marriott extended-stay hotel in Southern Oregon. We are especially proud of our two-bedroom suites, which have two separate bedrooms as well as a living room and a kitchen. No other hotel in the area offers this type of versatile space that families and business travelers alike need."

The TownePlace Suites is managed by InnSight Hotel Management Group, who also manages three other Medford/Central Point hotels: the Courtyard by Marriott, the Fairfield Inn by Marriott and the Holiday Inn Express & Suites. InnSight will be opening the 86 suite SpringHill Suites by Marriott in mid-September, located adjacent to the

TownePlace Suites. Reservations for the TownePlace Suites may be made by visiting www.marriott.com/mfrts or by calling 1-800-257-3000.
